SHIVANI B

Computer Science Engineer

+91 7845799698 | shivanibalasubramanian08@gmail.com | LinkedIn | Coimbatore, Tamil Nadu

PROFESSIONAL SUMMARY

Computer Science undergraduate skilled in full-stack development, UI/UX design, and data analysis. Experienced in building responsive web interfaces with React, REST API-based backend services using Spring Boot, and data visualization with Power BI. Strong in programming, data structures, and problem-solving with a collaborative approach to delivering solutions under deadlines.

EDUCATION

BE Computer Science and Engineering *2023 – 2027*
Sri Krishna College of Technology, Coimbatore

Higher Secondary (12th Grade) *2009 – 2023*
St. Joseph Matriculation Higher Secondary School, Coimbatore

TECHNICAL SKILLS

Languages & Frameworks: C++ · C · Python · Java · SQL · React · HTML/CSS · Spring Boot
Tools & Platforms: Figma · Power BI · PostgreSQL · MySQL · Git · GitHub · VS Code · IntelliJ IDEA · Jupyter · Google Colab
Core CS: DSA · DBMS · Computer Networks · OOP · REST APIs · UI/UX Design
Soft Skills: Critical Thinking · Teamwork & Leadership · Public Speaking · Time Management

PROJECTS & TECHNICAL WORK

- Developed a full-stack web application using Spring Boot + PostgreSQL (backend) and React (frontend) with RESTful API integration
- Performed data cleaning and exploratory data analysis using Python; built dashboards and visualizations in Power BI
- Designed responsive web interfaces using HTML, CSS, and React; created wireframes and high-fidelity UI mockups in Figma
- Collaborated with peers on hackathon projects to design workflows and deliver functional modules within deadlines

CERTIFICATIONS

- NPTEL: Programming in Java / Problem Solving through Programming in C
- Coursera: Full-Stack Development, Data Analytics, and Python Programming
- Infosys Springboard: C, C++ Programming and multiple domain-specific technical courses
- REST API Fundamentals, Cloud Computing Basics, DSA (C++ and Java), SQL, MySQL, PostgreSQL

ACHIEVEMENTS & ACTIVITIES

- Selected at the college level for Smart India Hackathon (SIH) — one of India's largest student innovation challenges — and contributed to end-to-end solution development
- Presented research papers at international conferences, demonstrating technical depth, research ability, and public speaking skills
- Maintains an active GitHub profile with repositories in full-stack development, showcasing version control and real-world coding ability
- Contributed to open source projects on GitHub — raised pull requests, fixed bugs, and collaborated with external developers
- Completed 20+ industry-aligned certifications across full-stack, data analytics, cloud, and programming domains
- Actively participated in college coding clubs, technical fests, and peer-driven hackathons — applying DSA and OOP in competitive settings
- Volunteered in college events and led coordination tasks, demonstrating leadership and organizational skills alongside academics
